Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2019-20 educational progress for the Britton Deerfield Schools, Britton Building. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mr. Jeff Scott for assistance.

The AER is available for you to review electronically by visiting the following web site <https://bit.ly/2XxU31v>, or you may review a copy in the main office at your child's school.

For the 2019-20 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no label is given.

Our school was not labeled.

Along with many other school districts in the State of Michigan, we face many challenges. Our declining enrollment, due to low census numbers and a transient population, is a never-ending battle. Additionally, funding from the State and Federal Government are restricted, and can only serve specific designated purposes. Along with challenges—we also have a number of successes to celebrate! When working with curriculum, we are striving for success in adopting the new Common Core State Standards (CCSS). We received AdvancEd Accreditation as a school district and are proud of this accomplishment. We pride ourselves in our ability to work with our special education population, our multiple methods of providing interventions for students who are below grade level or are at-risk of falling below, and the opportunities we offer students through elective courses, dual enrollment and vocational technology at the LISD. Our small class sizes allow us to provide a low teacher-to-student ratio, and we are able to provide a number of opportunities in the areas of class choices, technology and extra-curricular activities. Britton Deerfield Schools works constantly in its school improvement efforts, and we make sure all students are safe, nurtured and educated on a daily basis.

State law requires that we also report additional information. <TO HAVE THIS LETTER MEET THE STATE REQUIREMENTS, EACH SCHOOL SHOULD PROVIDE A REPORT FOR THE **TWO MOST RECENT YEARS** ON THE FOLLOWING:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Parents can participate in schools of choice. Our district has one elementary school in the Britton Building. Students attend upper elementary (grades 4 and 5) and middle school (6, 7 and 8) in the Deerfield Building and attend High School (9-12) in Britton.
