NEWSLETTER

FRIDAY, 30 SEPTEMBER, 2022 | VOL 1

The Britton Deerfield High School Yearbook Staff would like to introduce our student led newsletter! We will be working hard each month to release a newsletter that includes not only school news, sports and counseling information, but also fun sections, highlighting student work and honor roll. Please keep in mind this is a completely student led newsletter and we are working hard to publish the most accurate and thorough work as possible each month. Thank you for reading and we hope you enjoy our newsletter!

MR. SCOTT'S SECTION

When asked what BD's best qualities are, Mr. Scott said, "Our family atmosphere. We have small class sizes, which is always the biggest selling point for us when you talk to people in the community. We also have great opportunities for our students, such as we are the only school in the county who has schools come to us for dual enrollment classes. Of course other schools have dual enrollment, but every other high school has to go off campus, while we hold the classes here. Students can graduate with up to 30 college credit hours."

COUNSELOR CORNER:

October is College Month so we will be hosting many colleges, trade schools and military throughout the month of October. We will also be hosting FAFSA Night on October 5th from 6:00-7:30 pm. This is open to all senior parents and students who would like to complete the FAFSA. We have Kristen Smith from Eastern Michigan University Financial Department to help with any questions you may have. I am looking forward to working with all of you to help you reach your post secondary plans no matter what that may be.
