FRIDAY APRIL 28, 2023

Mission Statement

It is with great pleasure and excitement that Britton Deerfield High School Yearbook would like to present the Patriot Press Newsletter! This is a completely student driven newsletter. Each month Britton's Yearbook staff work hard to gather and put together the information needed for this newsletter, all while keeping up with their classwork and assignments. It is our mission to provide an accurate, informational, helpful and fun newsletter each month! Thank you for your support and taking the time to enjoy our newsletter!

Introduction

The Britton Deerfield High School Yearbook Staff is thrilled to release our February newsletter of the 2022-23 school year. As always keep in mind this is a student-led newsletter that we are working our hardest to publish with the newest and most accurate information each month. Thank you and we hope you enjoy our newsletter.

Counselor's Corner

Nothing new to add this month for the Counselor's Corner!

The baseball team is talking with the pitcher seeing if he needs a break or not.

PRINCIPALS SECTION

We had some good questions for Mr. Scott some good questions for this month. We started by asking him: what do you think is the most impactful thing that has been done for the school and why? He responded with, "I hope my positivity has been impactful, not overall I hope it's the fact I can carry out the duties as principal and also coach. Both come with opportunities to teach life lessons and continue to help create great citizens of our future." The second thing we asked about was: What are the new lights halfway for? He told us "We are proud to be able to purchase and put in place a new security system for locking down our school if needed. It's called the Boot System, and the lights are the first step in this lengthy process."

TEACHER FEATURE

The teacher feature of the Month is Mr. Clark! As the ones before, we asked them some questions and this month I feel like they were more creative questions than the ones before. Our first question was "If you had the choice to live in either Florida or California where would it be and why?" His response was "Florida, no Earthquakes! I also prefer Disney World over Disneyland. Also, in the spring there is a lot of baseball as Spring Training takes over Florida." Which led to our second question being "If you had the perfect Spring weather what would it be and why?" Mr. Clark responded with "The perfect Spring weather would be in the low 70's and Sunny." Which I feel like we would all agree with on this one. Our last question for Mr. Clark we felt was an amazing question for him because it involved him collecting shoes. The question we asked was "If you could only collect shoes from one brand, which brand would it be and why?" He responded with "Jordan Brand, (was this a trick question for me?) The reason would be that I already have a good start with my collection." If you have not seen his Jordans that he owns you need to because they are really cool and to add to it they can be really expensive so you already know he keeps them clean and fresh.

Sports

Winter Sports

As spring starts coming in, so are the spring sports. Track and field, baseball, and softball have started with practice and a few games have been played. The track team did good at their meets with people placing high in the rankings. It has been cold, rainy, very hot and so on but the weather has not broken them down yet and they continue to keep pushing and running onto the next obstacle that is in their way. Next is the baseball team, they won two of the four games that they played and will keep pushing to the victory! They may not be at the start they wanted, but it's still not the worst start to a season and it is definitely not going to break their spirits as they still have the full season ahead of them. Following that is the softball team, they lost a few of their games, but will come back stronger for that W. So come on out to the track, the fields or even the fairway and support Britton Deerfield spring sports as they all would appreciate it!

Monthly Slogan

Time for Spring cleaning!

CONGRATULATIONS

Student of the Month of April

Freshman:

Adam Scheurer

Sophomore:

Kaylee Ulrich

Junior:

Tehya Clement

Senior:

Jazmene Bailey

Yearbook

Do not forget to purchase your 2022-23 yearbook on [Jostens.com!](https://www.jostens.com)

April 14th, is the final day to guarantee your yearbook purchase. Get your yearbooks soon as possible, before this deadline!

Just a reminder, baby pictures will not automatically be included in the yearbook this year. To add your senior's baby picture to the yearbook, please purchase a senior ad!
